WELCOME

With the mission of spreading education among the underprivileged and the besieged segment of the society, Sree Chaitanya Mahavidyalaya was established in 1965. The demographic pattern of the disadvantaged strata of North 24 Parganas and its hinterland was also given due credence at the time of the establishment of the college. At present we have Honours courses in 8 subjects with 14 General subjects and 1 Post Graduate course in Commerce (M. Com).

The advent of globalization and its emergent issues require solemn consideration of the policy-makers, academicians and the intellectuals. In order to meet the ever-burgeoning requirements of quality education and recognize global challenges, the college has to maintain high standard of education. I believe that in spite of having limited resources, the college, with help of proficient and committed faculties and other supporting staff, would continue to meet the demands of the students, from different strata of the society. With constant support and guidance, they would finally move towards excellence, from darkness to light.

Dr. Subrata Chatterjee
Principal

WORDS OF WISDOM

“When you are doing any work, do it as worship, as the highest worship, and devote your whole life to it for the time being.”

About the College

Sree Chaitanya Mahavidyalaya, established in 1965 was a dedicated college of Commerce in its former avatar Sree Chaitanya College of Commerce. The college is duly accredited by NAAC (Second Cycle) in 2016. The college started offering Under Graduate courses in Arts (Humanities) and Science apart from Commerce and Post Graduate degree course (M. Com) under the aegis of West Bengal State University. Positioned in a semi-urban or a quasi-metropolitan town of Habra, which is culturally vibrant and academically advanced, Sree Chaitanya Mahavidyalaya chiefly caters to the need of the students hailing from the remote hinterlands of the twin towns of Habra- Ashoknagar as well as for the students of this twin towns and far, even from the places nearer to urban metro city .This co-educational college conscientiously serves the academic odyssey of the economically underprivileged echelon of the society by every available means. The college boasts of a humongous library located in an exceedingly serene and tranquil portion of the college building, an enclave, with an impressive and huge collection of books covering plentiful subjects. The library has a spacious and airy and well lighted reading room for the seekers of knowledge. The college campus hosts the office of the Principal, classrooms, most of the academic departments and Office of the College. We have completed the construction of a new additional building. A Governing Body is at the centre stage of the College Administration. The College boasts of having a well-functioning Internal Quality Assurance Cell (IQAC) which is an essential stipulation of NAAC. The teaching and other support staffs of the college ever venture out to achieve excellence and flourishing of the college. Students are to abide by the rules and regulations of the college and it must be ardently kept in mind that only through mutual endeavours of all of us, we can raise the college to an astral height. The students must passionately remember that their college is the groundwork and the shaping spirit of their destiny as well as their future.

Vision

We envision a vibrant institution that emerge as a centre of excellence in the field of higher education and research, that strive to contribute to the academic and social requirements for a contemporary human-value-based and industry-relevant education, in an innovative learning and teaching environment.

Mission

To disseminate higher education among the disadvantaged rural and semi-urban students who hail chiefly from economically backward echelon of society. To have a special relationship with, and accountable to the students of Sree Chaitanya Mahavidyalaya. To address the needs and aspirations of the students in a changing world by way of contemporary human-value-based and industry-relevant education. To provide an innovative learning and teaching environment through practice in innovative teaching-learning methods for the students to initiate their thinking-learning ability. To support and facilitate research and development activities of the faculty in their research-learning-teaching initiatives to enhance the quality of their educational services. To maintain self-integrity through transparent practices of principled action and ethical decision-making. To link the long-term goals of consistent institutional developments with dynamic management practices. To participate in community development programmes and social services.

Status

1. The college is affiliated to the West Bengal State University. The University Grants Commission also recognized the college under Section 12(B) and Section 2(F).
2. National Assessment and Accreditation Council (NAAC) visited our college on March 22– 23, 2007 (Cycle– 1).In its report the visiting Peer Team appreciated the overall performance of the college and graded 'B' in its evaluation scale. The NAAC Peer Team accredited the 2nd Cycle. In the report the visiting Peer Team again acknowledged the overall performance of the college and accredited as 'B-Grade' in its new evaluation scale. Further the institution has undergone the assessment and accreditation process for the 3rd cycle o September 11-12,2024 and obtained B+ on grade scale.
3. We have also obtained another feather in our cap. Now the college is an ISO9001-2015 certified college.

Location

The college is well connected by train and surface transport, situated on Jessore Road (N.H.35), easily accessible both from Habra Railway Station and Ashoknagar Road Railway Station. The college is situated amid lush green ambience with a garden showcasing multihued flowers and a large green playground. Sree Chaitanya Mahavidyalaya is excellently connected by road (it is situated on Jessore Road,N.H.35) effortlessly connected with both the railway stations Habra and Ashoknagar Road.

Administration

The responsibility of management of the college lies with the Governing Body of the institution. The academic matters are monitored and controlled by **West Bengal State University** to which the college is affiliated, while the administrative affairs are guided by the policies framed by the **Education Directorate, Higher Education Department, Government of West Bengal**.

Facilities

ClassRooms

The college has a sprawling three-storied building with enough number of spacious and airy classrooms with full of sun light. Adequate number of lights and fans are installed in each classroom. Generator connections are there in each classroom for avoiding any unpleasant atmosphere. There is also a smart classroom well equipped with apparatuses including projectors, computers and sound systems.

Seminar Room/Smart Class Room

This institution marvelously maintains a spacious smart class room, which is airy and full of light. This room is well-furnished and well-resourced with the equipment of a finely preserved smart class room with a good sound system, Projector, etc. The sound system is graciously donated by Sri Debabrata Majumder, former Librarian of the college. Power-Point lectures, Seminars, symposia and Parent-teacher meetings are regularly held here effortlessly.

SPECIAL FACILITY FOR GIRL STUDENTS AND FEMALE STAFF

A Sanitary Napkin Vending machine has been installed adjacent to the Sick Room for the female staff members and girl students. This facility has been provided with a view that the female hygiene, cleanliness and comfort are not neglected.

Auditoriums

Our college is proud of a auditorium (fully air-conditioned) in the second floor behind the main building that is acoustically built, having a sitting arrangement of 400 people. This Auditorium Hall is well-furnished and well-resourced with the equipment of a finely preserved Auditorium hall with a good sound monitoring system with a lot of amplifiers, a Projector, a Computer, etc. Organizing of Seminars, Symposia, Workshops or any other cultural programmes are difficulty free affair because of the infrastructure of the hall. There is also an older one in the ground floor, with a sitting capacity of 400 people, which is now being used for conducting indoor games.

Computer Laboratory & Cyber Lounge

Keeping in pace with the changing scenario of the higher education, the college has installed a number of computers in the departments, library and in the computer laboratory to enable the students to keep a tab on the modern Information Technology and to make them computer savvy. This infrastructure also meets the curricular need of practical classes of the

students. The computer laboratory also has Broadband internet facility and this render access to the domain of limitless knowledge. Local Area Networking (LAN) system has also been introduced to facilitate an easy access of the knowledge pool from different points at a time. Students are allowed to surf the internet to enrich their knowledge and meet their academic demands in a well constituted Cyber Lounge situated in the Central Library.

E-learning

E-learning or web-based learning is a long-trusted forte of Sree Chaitanya Mahavidyalaya. We regularly and systematically upload copious study materials in the E-resource section, embedded in the library section of our college's official website for the greater common good of our students.

In the trying time of SARS-Cov-2 (COVID-19) global pandemic, we have fully utilized our of web-based teaching-learning method. We have started taking online classes from the inception of the nationwide lockdown and we have continued to teach our students till the end of the current semesters. We have also introduced the unique practice of taking inter-departmental, interdisciplinary classes for the expansion of the horizon of knowledge of our students.

As we are also fully aware of the digital divide and the inconsistent bandwidth / frequencies in the rural areas, we have uploaded each and every study material intended for the students in the e-resources section of our website for the effortless perusal of all the students at their own chosen time and space. Besides, we have also mailed them or have transmitted the study materials via IM platforms.

Our faculty members and librarians also have religiously attended a plethora of international / national / state level webinars organized by different organizations in order to imbibe more and more knowledge. In this context we can mention here that Sree Chaitanya Mahavidyalaya is among the pioneer institutions to organize a number of international / national / state level webinars.

As the menacing shadow of the global pandemic looms large still now and we are in an extremely doubtful stage, we would strive to the best possible extent to lay emphasis upon the online or web-based method of teaching-learning process, which, when normalcy is restored, can even be utilized as the extra-schedule teaching hours to cater to the requirements of our chief stakeholders, the students, in a progressively augmented manner.

Science Laboratories

As the B.Sc. courses in Honours/ Honours with Research and Multi Disciplinary Courses (formerly known as General) subjects have been introduced, the college has constructed perfectly equipped laboratories for the purpose of teaching the students with the practical bearings on the subjects. We now have four fully equipped laboratories, viz. six laboratories including Food & Nutrition and one each for Chemistry (and Bio-Chemistry), Microbiology ,Physics, Computer laboratory and of Human Development . The college is ever in the endeavor to enrich the laboratories with modern scientific equipment, refrigerator, state of the art and a well-equipped food lab for conducting practical classes for the students of food & nutrition.

Gymnasium & Yoga Centre

A well-maintained gymnasium with the up-to-date facilities and modern equipment provides the facility to work out for the students and the staff alike even beyond the curriculum. Moreover, the gymnasium facilitates the practical learning experience of the students of B.Sc. and B.A. courses who have to study Physical Education as a subject in their course curriculum. A Yoga center is constituted beside the Gymnasium and maintained by the Dept. of Physical Education.

Canteen and Common Rooms

The institution provides the students with a well-maintained canteen behind the main building and common rooms (separate for boys and girls) for their refreshments and relaxations. The canteen supplies tiffin /fresh food to the students at a cheaper rate, subsidized by the college.

Hostels

There is a two-storied boys' hostel in the campus, which caters to the need of the male students hailing from remote areas. The hostel provides food, drinking water, electricity and furnished rooms for its inmates. Another separate two storied girls' hostel has been constructed, utilizing the grants from UGC. The hostel staff are entrusted with the job of providing basic services to the boarders of the hostel.

Health Centre

The college management runs a well-maintained health care centre in the college campus. Health checkup for the students is done here. The tests of the students' blood group, blood pressure, measurement of weight and height of the students are meticulously done in the college. The facility of providing first aid to the students and the staff is also maintained in the health care centre. A qualified physician visits the health centre once in a week. The college is a member of West Bengal Health Home and the students can get the benefits given by the West Bengal Health Home effortlessly.

Cycle Stand

Students from remote areas as well as the staff come to college by cycles and motor bikes. The college has a cycle stand besides the main building where the students are to keep their cycles and motor bikes. Students are, however, advised to keep their cycles or bikes under lock and key. The stand is run and maintained by the Students' Union of the college.

Bus Stand

There are two bus stands in front of the college by the side of the main gate. It was constructed by the college under the direct supervision of the Students' Union.

COLLABORATION OF COLLEGES

(Colleges within MoU)

To enhance the periphery of seeking knowledge and to boost up the Teaching-Learning system, inter college cultural activities and inter college sports activities we have taken a distinctive initiative. Sree Chaitanya Mahavidyalaya has signed Memoranda of Understanding with a cluster of reputed colleges under WBSU and colleges under other universities, All of these colleges have formed a very progressive strategic plan in the realm of Teaching-learning as well as extra-curricular method of nurturing the shape of a student's future, capacity building procedure, cultural exchange and inter college sports activities. These groups will be called, 'Collaboration of Colleges'. We would be sharing the human resources and intellectual resources of these colleges amongst the students of these two colleges. These colleges would generously share LMS the study materials, virtual classroom lectures and any form of teaching done via ICT, among the students of these colleges, thus enriching them more and more. After the near obliteration of the pandemic we have started the physical faculty exchange or student exchange programme, inter college use of library resources and classes via online mode too etc.

Alumni Association

Sree Chaitanya Mahavidyalaya is proud to have a registered Alumni Association. Our experienced successful alumni and young, vibrant recent pass outs are present in the group. Details of this or the process of registration as alumni can be reached at the website.

Research & Development

The chief part of the Research and Development sector is to help an organization to maintain its keenness and arduousness in any research-oriented venture. Since teaching-learning process is a heavily research oriented process our college lays emphasis upon the Research and Development section of our college. Moreover, it is a Post Graduate college offering P.G. course in Commerce- M. Com under the tutelage of West Bengal State University. This means keeping on developing

trends, and do n what the competition is doing. R&D is the before also about analysis and a sound understanding of current conditions within a specific sector or domain. Our teachers are actively involved in research-oriented events. Currently three of our teachers (including the Principal of this college) have submitted their UGC funded Minor Research Projects. Previously a large number of our full-time faculty members have also submitted successfully their MRPs. Some of the SACTs-State Aided College Teachers are also pursuing M.Phil. and doctoral researches currently. As publication is the part and parcel of research activity, we used to publish ***The Impression***, the multidisciplinary peer-reviewed journal from our college. Even now, the endeavour that has started surrounded by the menace of the global pandemic the Department of Commerce has also started publishing an e-journal '**SCM Commerce Digest**', comprising the scholarly write ups of the faculty members, scholars from outside the college and moots a plan to involve the alumni also in this R&D based e-journal. Other departments have also this plan of publishing interdisciplinary journals. During the pandemic period all of us faced a kind of stalemate. Even in this troubled time we have conducted the online classes religiously, executed the examination duties of the University and for the enrichment of the students and the faculty alike we have organized webinars on different issues which are profound, pertinent for this time and of paramount importance. The college has previously organized 15 webinars, of which 4 are of International Level, 2 are of National Level and 12 are of State Level. We believe ardently that these strides towards acquiring knowledge have been executed excellently and worthy of this strange time when everyone gets depressed gradually and the knowledge attainment from those exchange of ideas would boost up our sagging morale.
